

# INDIGENOUS DEVELOPMENT ORGANIZATION

---

Regd. Society No: 434 of 2019

## ANNUAL REPORT 2020-21

**Email:** indigenousdevelopment20192gmail.com

**Contact:** 9848956344, 9963147549

**Address:** 6-194, Gattumalla Village, Laxmidevipally Mandal, Bhadradi  
Kothagudem District, Telangana 507101

**Registered Address:** 4-6-131, Kammari Basthi, Hayathnagar, Rangareddy  
District, Telangana 501505

- **ABOUT NGO:** We are working with tribal community in the interior forest habitations (IFHs) & rural villages of the Bhadradi kothagudem district, Telangana. Tribal communities comprise of 37% of overall population in the district. Bhadradi Kothagudem shares its boundaries with Khammam, AP & Chhattisgarh. Majority of tribal communities does not have access to universal healthcare services & due to poor economic status they cannot afford healthcare, nutrition and access to education.

Inspired by philosophy of Sri. APJ Abdul Kalam and humanitarian works of Dr Hanumappa Sudarshan, Dr Prakash Amte and Dr Abhay Bang, Dr Narendar (Founder) in 2016-17 started to visit various regions to understand the needs of communities & finally came across the Bhadradi Kothagudem district in Telangana. After looking at the challenges faced by tribal communities, he decided to work for them & started staying with them since then.

LIST OF THE BOARD MEMBERS 2019-2020		
DESIGNATION	NAME	BACKGROUND
President	Dr. N. Ravindra Rao	Doctor
Vice President	Mogili Vijender	Social Entrepreneur
Secretary & Founder	Dr. R. Narendar	Doctor
Treasurer	Mahesh Mandava	IT Professional
Joint Secretary	K. Mallikarjuna Rao	Private Business
Executive Member	B. V. Radhakrishna Murthy	IT Professional
Executive Member	Dr. Suresh Reddy	Doctor

- **OUR MISSION:** We work with marginalized communities – tribal, rural, women and children – bringing health awareness, providing access to healthcare services, nutrition and education, bringing in community empowering models to address those challenges. The model focuses to reduce deaths, diseases, malnutrition & illiteracy.
- Indigenous Development Organisation strives to achieve its objectives through following programs:
  1. Health Clinic at Gattumalla village
  2. Need based medical camps & awareness programs

3. Monthly Training sessions for Community Health Workers
4. Home-based maternal & newborn care
5. Nutrition program & Nutritional assessments
6. Bridge schools

As interior regions of the district have poor access to healthcare & the tribal community has poor health seeking behaviour, owing to this the maternal and child health indicators are poor in the district. Infant mortality rate is very high. Malnutrition, Anaemia & Malaria prevalence is also very high.

#### **HEALTH CLINIC:**

- The health clinic was setup at Gattumalla village, Lakshmidvipalli mandal, Bhadradi Kothagudem district with an aim to establish a channel where the patients requiring further diagnosis/ interventions can be brought-in by our trained CHWs and also for over 15000 population around this clinic to reach us conveniently.
- Primary healthcare services (Allopathic & Homeopathic), Antenatal screening, NST & Lab investigations like Spot Haemoglobin, GRBS, RDT malaria tests and RDT dengue tests are done at the clinic.
- Medical camps were done in the interior habitations which had almost no healthcare facility, team of doctors conducting

Health clinic & Medical camps - Patients visits & services – 2020-21	
Total outpatient visits	4295
Antenatal Checkups done	102
Patients Referred to Higher centre	148
No. of surgeries supported at Govt/Private Facilities	
Patients availing Lab investigations	849
No. of Medical camps conducted	74
No. of patients reached through medical camps	2471
No. of patients availing Lab investigations at medical camps	586

### COMMUNITY HEALTH WORKERS MONTHLY TRAINING:

To address the challenges in interior habitations, we have identified one community member from each habitation. These individuals have been motivated & regularly trained by our team to provide much needed healthcare services at the door-step (Home Based) to their community members. These individuals are called “Community Health Workers” (CHW).

Each CHW has been provided with a medical kit to provide the health services within the habitation & early identification of high-risk cases which need referral to institutions. The whole idea of this CHW program is to empower the local youth to take charge of their health & also of their community.

Now our trained CHWs can identify high-risk newborns & high-risk pregnancies. They can also do malaria tests and within minutes identify the type of malaria, provide treatment and also refer high-risk cases to higher centre if needed.

INTERVENTIONS DONE BY COMMUNITY HEALTH WORKERS WITHIN HABITATIONS	
Community health workers trained	40
Mandals covered	13
Habitations covered	42
Population covered	8000+
No. of Pregnant women - Antenatal checkups	164
No. of safe deliveries conducted by CHWs	38

No of Institutional Deliveries	
No of Home Deliveries by TBAs (Vadde)	
Total Tuberculosis patients identified	9
No of SAM & MAM children referred to NRC	
No of Snake bite cases/Animal attacks referred	12
No of Carcinoma cases identified & referred	2
Home based newborn care	140
Total malaria screening done	1427
Total malaria cases identified & treated	579
Patients referred to higher centres	178

#### **COVID AWARENESS PROGRAMS:**

Through our community health workers in various habitations we have conducted awareness programs during the COVID PANDAMEIC on following the protocols like social distancing, timely hand washing & isolating symptomatic patients. This was done in a traditional method using the conch, drums by volunteers to ensure everyone in the habitation comes to know about the protocol measures.

Our NGO has started providing them our own formulated nutrition powder which has to be consumed every day. To ensure this, spot feeding program has been planned in all the 31 habitations covering over 1000 beneficiaries.

Nutrition Assessment done for .....

**BRIDGE SCHOOLS:**

In the interior habitations there are no anganwadi centres or schools which made education inaccessible to the tribal habitation children. Sending children directly to mainstream schools also was challenging.

To fill this gap we have established 11 BRIDGE SCHOOLS in 11 habitations itself, where they get basic education & mid-day meal. After identifying potential students we motivate them to join into mainstream schools.

No. of children in our bridge schools	350+
No. of children joined to residential mainstream schools	89

**RECOGNITIONS:** Our team received recognition for the work done in the field of nutrition in the tribal region by the Glenmark Foundation, Representative & Country Director, India, WFP (UNICEF) & various esteemed members at The Nutrition Awards- 2021.

## THE NUTRITION AWARDS 2021

Fighting the Hunger Pandemic

### Certificate of Recognition

*This certificate is hereby awarded to congratulate*

## INDIGENOUS DEVELOPMENT ORGANISATION

*as **Winners** under the **Rural Category**, on 29th Jan 2021.*

*We appreciate the exemplary work done by your team.*

**Bishow Parajuli,**  
Representative and Country Director, India, WFP

**Cheryl Pinto**  
Trustee, Glenmark Foundation

**Karon Shaiva**  
Founder, Idobro Impact Solutions

## AUDITOR'S REPORT

To the Members of Indigenous Development Organization

We have audited the standalone financial statements of INDIGENOUS DEVELOPMENT ORGANIZATION (the "Society"), which comprise the Statement of Affairs as at 31 March 2021, and the Income and Expenditure Statement for the year ended on that date.

Management is responsible for the Preparation of these financial statements that give a true and fair view of the financial position of the Society. This responsibility includes the design, implementation, and maintenance of internal controls relevant to the preparation and presentation of the financials statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on my audit. We have conducted our audit in accordance with the generally accepted auditing standards in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

We report that;

1. We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of the audit.
2. In our opinion, proper books have been kept by the Society so far as appears from our examination of those books.
3. The balance sheet and income and expenditure dealt with by this report are in agreement with books of account.
4. In our opinion and to the best of our information and according to the explanations given to us, the financial statements give a true and fair view in the conformity with the accounting principles generally accepted in India;
  - a. In the case of the statement of Affairs, of the state of affairs of the Society as at 31<sup>st</sup> March, 2021; and
  - b. In the case of statement of Income and Expenditure, of the excess of income over expenditure for the year ended on that date.
